WHAT COLLABORATORS SAY

“Kari has the perfect combination of talent, innovation and keen collaborative instincts. I loved our work together and look forward to many more opportunities to do so.”

Freddie Ashley — Artistic Director of Actor’s Express, Atlanta, GA

“Kari Twyman is a professional of the first order because she is always prepared with the most unique and creative choreography. I have been impressed with her professionalism that is reflected in her work with our GHS students. She sets the standard of expectation by her example of a strong work ethic. She makes exceptional use of every second of the 90 minutes she has during our class period, and when we have our choreography weekends, not one moment is wasted. Kari has the ability to expect professionalism because she is the ultimate professional. It is my pleasure to recommend her to any teacher who wants outstanding and unique choreography.”

Pam Ware — Gainesville High School Drama Teacher, Gainesville, GA

“At GTA, I was able to witness Kari’s rise from featured dancer to dance captain to choreographer. Kari has worked with some of the country’s best choreographers and is now creating work throughout Atlanta that distinguishes her as a wonderful storyteller who uses dance to drive the narrative. As a member of the artistic team, Kari and her choreography are an absolute joy.”

Jim Hammond — Artistic Director of the Gainesville Theatre Alliance, Gainesville GA
